

SMB-20/32/40

Solvent Based Vacuum Conveyor

For imaging simplex and duplex

Includes:

- Top printhead mount
- Encoder mount
- Cue sensor mount

Standard Specifications

- Inverter-driven electronic variable speed - up to 600fpm
- Color - blue
- Overall length - 62"
- Overall width - 24"/36"/48"
- Working height - 35", -0", +4"
- Overall height - 48½" -0", +4"
- Mobile base with leveling pads

Vacuum Belt System

- 3/4 vacuum belts
- High-volume blower
- Regulator/relief valve
- Plated steel vacuum tubes with dual side guides (12" length)

Power Requirements

- 230V, 1Ø, 15Amp

Recommended Product Sizes

- Min: (W x L) 3"x5" Simplex, 5"x5" Duplex
- Max: (W x L) 20"x26"/32"x26"/40"x26"

Options (factory or field up-gradeable)

- Integrated bump-turn
- Variable height base, custom heights
- Other electrical interfaces available
- Feeders
- Deliveries
- Tipping
- Gluing
- Plow-folding
